

Overview thought questions on study of Galatians

Plant City Community Ladies Bible Study—August 28, 2013

If possible read the entire epistle (Paul's letter to the early gentile believers)

one time through in one setting. Then ponder on these three questions as we begin our 8 week study of being Free from the book of Galatians

1. The Cross is of utmost importance in the Galatian letter. See how many scriptures you can find where it refers to the cross in each chapter. Hint: not always using the word Cross.

2. Who were the Judaizers and where did they want to lead these early Christians?

3. Can you see the reason Paul wrote this letter to the Galatian church?
